## 8'-0" x 10'-0" STORAGE CONTAINER (NEW BUILD)

## **Appendix G: SEPCo Lifted Equipment Certification Form**

Rental Equipment:   Owner (Vendor): TANKS A LOT  Tare Weight (Ibs.): 5,000# Empty weight of container, tank, package, skid)  Working Load Limit (Ibs.): 20,000# Weight of liquid in tank, items in container, etc.)  Maximum Gross Weight (Ibs.): 25,000# Tare Weight + Working Load Limit = Max. Gross Weight)  Floor Area Loading (psf): 250 psf Allowable floor area loading for containers or buildings)  Unique Identification Number: SEE BELOW For rental equipment only)  Certify that the above-described lifted equipment is designed for offshore dynamic lifting in accordance with the provisions of API RP2A (latest edition) and SEPCo Document OPS0055 (latest edition).  Registered Professional Engineer (Civil or Structural)  Date  Notes:  1. Owners of rental equipment shall keep a copy of this form on file for duration of equipment life and shall submit a copy to Shell upon request. 2. ISO blocks/connectors are not permitted to be used as lifting attachment points.	Fare Weight (Ibs.): 5,000#  Empty weight of container, tank, package, skid)  Working Load Limit (Ibs.): 20,000#  Weight of liquid in tank, items in container, etc.)  Maximum Gross Weight (Ibs.): 25,000#  Tare Weight + Working Load Limit = Max. Gross Weight)  Floor Area Loading (psf): 250 psf  Allowable floor area loading for containers or buildings)  Unique Identification Number: SEE BELOW  For rental equipment only)  Certify that the above-described lifted equipment is designed for offshore dynamic lifting in accordance with the provisions of API RP2A (latest edition) and SEPCo Document OPS0055 (latest edition).  Registered Pofessional Engineer (Civil or Structural)  Date  Notes:  1. Owners of rental equipment shall keep a copy of this form on file for duration of equipment if and shall submit a copy to Shell upon requests.  2. ISO blocks/connectors are not permitted to be used as lifting attachment points.	Shell Purchased: Su	ıpplier:	
Working Load Limit (lbs.): 20,000# Weight of liquid in tank, items in container, etc.)  Maximum Gross Weight (lbs.): 25,000# Tare Weight + Working Load Limit = Max. Gross Weight)  Floor Area Loading (psf): 250 psf Allowable floor area loading for containers or buildings)  Unique Identification Number: SEE BELOW For rental equipment only)  Certify that the above-described lifted equipment is designed for offshore synamic lifting in accordance with the provisions of API RP2A (latest dition) and SEPCo Document OPS0055 (latest edition).  Registered Professional Engineer (Civil or Structural)  Notes:  1. Owners of rental equipment shall keep a copy of this form on file for duration of equipment lift and shall submit a copy to Shell upon request. 2. ISO blocks/connectors are not permitted to be used as lifting attachment points.	Working Load Limit (lbs.): 20,000# Weight of liquid in tank, items in container, etc.)  Maximum Gross Weight (lbs.): 25,000# Tare Weight + Working Load Limit = Max. Gross Weight)  Floor Area Loading (psf): 250 psf Allowable floor area loading for containers or buildings)  Unique Identification Number: SEE BELOW For rental equipment only)  Certify that the above-described lifted equipment is designed for offshore synamic lifting in accordance with the provisions of API RP2A (latest dition) and SEPCo Document OPS0055 (latest edition).
